Livingston friend to furnish us subject matter for next week. We are glad to see that in his last letter that he has cooled off considerably about the road question, and we feel that by this time he has reached a normal condition.

Mr. and Mrs. Joe Riddle were in Mt. Vernon, Thursday of last week with relatives—E. B. Newland, who has a good position at Hiedsburg, is with home folks for a few days stay. The School Board elected Miss Frances Conover, of Columbia, Ky., and Miss Corine R. Manning, of Bowling Green, Ky., to fill the vacancies caused by the resignation of Professors Evans and Keith. These teachers come highly recommended and are both High School teachers with life certificates. We understand that the summer term will begin August 21st. The Rev. H. C. Grear, Presiding Elder, held services at the Methodist church, Wednesday evening. The trial of Bill Harp charged with a Breach of the Peace, resulted in a verdict of \$25 fine and the cost, Tuesday. Judge L. W. Bethune represented Harp, while County Attorney E. R. Gentry was looking after the interest of the Commonwealth. We understand that the case will be appealed to the County Court. Morris Proctor is here from Cincinnati where he has been working for several months. W. H. Brown of Lancaster, and J. M. Craig, of the Quail section, were here during the week. They shipped a car of sheep Wednesday and a car of hogs Thursday.

LIVINGSTON

THE Jr. O. U. A. M. picnic given by that order here Tuesday was well attended. There was a large crowd, being some from East Bernstadt, Lity, London and Mt. Vernon, the latter being especially well represented by over fifty from that place. There were refreshments on the grounds, speaking, bicycle races, the fat woman's race and other amusements in the evening. There was a game of ball played between Livingston and Mt. Vernon, with the score in favor of Mt. Vernon. Con Asher spent the Fourth at Berea. Mr. and Mrs. Claud Griffin, of the Buckeye section, were visiting relatives here latter part of last week. There were services at the Christian church, Saturday and Sunday, conducted by the Rev. Baker, of London. J. L. Hughes, after several days visit with relatives in Indiana, has returned. D. B. Rambo and Thomas Argeubright, were in Louisville, Monday. Mr. and Mrs. J. T. Omary and children have returned from Knoxville after several days visit in that city. Mrs. Hugh Jenkins, who has been sick for quite a while continues about the same. James Devault, of Lebanon Junction, attended the picnic here the Fourth. J. R. Mink was in Louisville on business Tuesday. Mrs. Grant Hilton, of Jellico, is visiting relatives here this week. Mr. and Mrs. R. L. Mattingly, of Covington, are visiting relatives here. J. M. Foure, the blind man, has returned from Irvine and other towns in the mountains and claims that he took in \$90 while he was gone. This does well for a blind man. Harry Gehring, of Louisville, will move his family here in a few days. We welcome these good people back

to our town as they were once natives of this city. John Cockrel, after a few days' visit with relatives and friends in Paris, has returned to our burg. Edgar Herd is working a few days in the dispatcher's office at Paris, Ky. Earl Rice came in from Louisville, Saturday night, and took his wife back with him Sunday. Mrs. Rice has been visiting relatives here for the past month. Mr. and Mrs. J. H. Browning and children will start on a visit to Salt Lake City in a few days. Mt. Vernon was well represented at the Jr. O. U. A. M. picnic, Tuesday. There were over fifty, and of course, being so many, we will not try to give the list. Mrs. C. A. Blanford and daughter, Miss Ella Mae, are spending a few days with relatives in Louisville. Mrs. Edd Quinn, of Paris, is visiting her parents Mr. and Mrs. J. B. Hayse. Mrs. I. W. Catlin is spending a few days with relatives in Lebanon, Ky. Mr. and Mrs. Lee Roy Cox have returned from London after a few days' visit with relatives in that city. Mr. and Mrs. Lee Black and children, after spending a few days with relatives at East Beanstadt, have returned home. Hon. Elisha Bullock, of the Scaggs Creek section, was in our town Tuesday. Our Brodhead friend seems to jump the subject of politics and is silent on that subject, since the republicans at Chicago got up to the glass painted and powdered their faces and curled their hair, and asked the Bull Moose to come over and make love to them. Well, it is all over with them any way, for they have called in the pall bearers and they are now picking at the cover which is a sure sign of death. Our Brodhead friend wishes to cross swords with us concerning our write-up of the road question and thinks we tried to hand the Fiscal Court a lemon. We will say in the outset that we hold each member of the Fiscal Court in the highest esteem and think they are gentlemen, as some of the members are old Level Green school mates and one is a brother-in-law. Our County Judge we have always liked. The others we are not personally acquainted with, but we know that they are gentlemen or they could not have been elected to the office they now hold. It we have gone beyond our limit we are willing to make atonement. If the gentleman thinks we have intended to hand any one a lemon, he has a wrong conception of the English language. We have no criticism to offer and no fault to find with Brodhead, should the road only go to Brodhead, but the thing we want and the thing this section is looking for, is a road from our town which will lead us right into the good town of Brodhead. Work started on this end of the line Wednesday and we are looking forward to that good day when Livingston, Mt. Vernon and Brodhead will be joined by a splendid pike. With the following lines dedicated to the Brodhead correspondent we close:

Well, my friend, control your anger. Don't let it carry you away. For the lives of great men before us Have been vexed in their day. Don't get mad at a fellow writer. And get yourself in such a fix, just because he happens to meet you. On the subject of politics So, my friend, go cool your anger, And a lesson from this take, And if ever we do meet you, We will take a good hand shake. Go right on and write your letters, Give the Signal all the news, But in the future do remember, The Livingston writer not to abuse.

BRODHEAD

J. M. Adams, our Main street merchant, was thrown from his horse Thursday morning on the street between his store and Citizens bank, and it is feared that he received internal injuries that may prove fatal. Mr. Adams has been in very poor health for several months, but his condition was somewhat improved, and he was able to be out most of the time for the past several weeks looking after his business interests. The animal he was riding on this occasion was young, had been used but little, and become frightened at a passing freight train and was too quick for him. It is hoped, however, that his condition is not as serious as it appeared at the time.

Mrs. John Robins underwent a very serious operation at St. Joseph's Infirmary, Friday. Dr. Irvin Abell being the attending surgeon. She is getting along fine and will be able to be brought home in two or three weeks. We learn that Logan Bryant sold to Sam Sayers a Ford car this week. Ben Riddle and Dick Albright were in Cincinnati the first of the week, and bought themselves a second automobile. Mr. Riddle started home with his car, and had some trouble with it, and left it in Lexington for repairs. Mr. Albright will go after his car about the first of the week. Mrs. I. R. Storm continues to be on the sick list, tho is slightly improved. Miss Clyde Watson and Mildred Robins were in Louisville, from Thursday until Tuesday, with Mrs. Robins at St. Joseph's Infirmary. The writer, having been in Louisville for the past week, is not informed as to the latest happenings, but we are expecting our

THE BLOCKADE BOOT ON THE OTHER LEG.

From time to time since the European war began, protest has been made by Germany, by pro-Germans in this country, and by uniformed or sentimental people generally, against the methods of the blockade imposed by the allies against the central powers.

Especially has it been charged that the allies had no right to interfere with our commerce in articles that the blockade powers wanted to buy from us. Cotton has been the pet grievance of a certain class of publicists.

Many months ago The Times pointed out, first, that the allies are conducting their blockade under American-made rules dating to the civil war; and, second, that no country on earth has more reason for maintaining the most liberal construction of the superior power's privileges in conducting a blockade, because in almost any war that this country might wage in the western world the blockade of our enemy would be a chief weapon in our hands.

Now comes the precise parallel to the conditions that the allies have had to meet. It comes sooner than expected, more impressively than we might wish.

We are on the verge of war with Mexico. We may be in war before another day passes. The blockade has already been arranged and outlined. Sufficient naval force has been sent to both the east and west coasts of Mexico to seal the country. Munitions, foodstuffs, general supplies, will be placed under the ban the instant war is declared.

Shall our German sympathizers protest that we are going to starve the innocent, the noncombatants, the women and children of Mexico? That is what they have charged against the allies' blockade of middle Europe. Or will they realize, as the rest of us have realized in connection with the European situation and as the Washington Government insisted during the civil war, that such means will bring the issue sooner and therefore lessen the horrors of conflict? We rather opine that an American blockade of Mexico will arouse vastly less outcry in behalf of "oppressed humanity" than a British blockade of Germany. But it is the same thing.

Another parallel. Britain and France have been compelled to close the Scandinavian and Dutch gateways of ingress to Germany. They have opposed severe conditions, and have inflicted undoubted hardships on neutral commerce. But what are we about to do in a like situation?

Already we are reminded that Guatemala, on the southern border of Mexico, is the one neutral through which supplies may be introduced into Mexico. We might build a cement wall a mile high around all Mexico, save the Guatemala front; and yet, if that frontier be left open, Carranza could twiddle his fingers at us in glee, and bring through the Guatemalan ports and over the border to Mexico, all the guns and ammunition and food stuffs and what not he might be able to buy all over the world. It would be no blockade at all with little Guatemala wide open, precisely as the allies' blockade of Germany would be a derision with Sweden, Norway, Denmark, and Holland free to pipe in the war necessities of a world.—Louisville Times.

Washington, July 5.—The crisis between the United States and Mexico virtually came to an end to day when a friendly and conciliatory note from the de facto Government was handed to Secretary Lansing and promptly communicated to President Wilson.

Formal statement of the attitude of the Washington Government must await the President's action, but there is no doubt in the minds of officials that the way has been opened for an amicable adjustment of the dispute as to the border situation, which brought the two Governments to the verge of war.

Secretary Lansing himself would make no comment. He gave the impression, however, that General Carranza's suggestion that there is no pending question between the Governments that cannot be readily answered by friendly negotiations meets with quick sympathy here.

ANXIOUS TO AVERT WAR

Mr. Lansing is known to share President Wilson's desire that hostilities be avoided if there is any possible way to safeguard American border interests without a clash with the Carranza Government. The new Mexican communication so plainly indicates a similar desire that a further interchange of views is expected to begin immediately looking to join efforts to curb border bandits and other irresponsible agencies that have worked to embroil the two Governments.

High officials were very much impressed by the complete change in tone shown in Gen. Carranza's new note. It was described by one as more than conciliatory. There seems to be no disposition to doubt that the United States on its side would be willing to arrange for the early withdrawal of the expeditionary force from Mexico.

With more than 150,000 regulars and National Guardsmen on call to be available for border patrol work, the necessity for keeping Gen. Pershing's columns any greater distance beyond the line has lessened, according to many officials. Ample forces are at hand to control the situation, even if the Mexican troops now assembled in Northern Mexico are unable immediately to guarantee

FURTHER RAIDS IMPOSSIBLE.

In any event, it was pointed out, will be impossible for any considerable force of bandits to assemble for an attack across the line such as the raid on Columbus, N. M., if Gen. Carranza carries out the promises made in his note to employ all efforts that may be at his disposal to avoid the situation.

James Barnes preached a very interesting sermon at Mt. Pisgah last Sunday. The six months old baby of Mr. and Mrs. J. J. Nichols is very sick and its recovery is doubtful. Mrs. Logan Renner and children of Cedarville are spending the week with her mother Mrs. Sarah Kirby of this place. Mrs. M. G. Kirby is improving very slowly. Willie

Bradley and family visited relatives at Bloss last Sunday. Miss Bertha Kirby was in Mt. Vernon last Saturday shopping.

CONSTIPATION AND INDIGESTION

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce. Obtainable everywhere.

So we are prepared already to adopt the allies' tactics: to impose conditions on Guatemala that will prevent it from destroying our blockade. We will treat Guatemala now as we treated Mexico in the civil war, as Britain has treated Holland. It may be destructive of a coveted Guatemala opinion for quick and voluminous profits; it may even prevent some thoroughly neutral Americans—in this case, however their neutrality would not be easily differentiated from treason—from selling supplies to our enemy. That may shock people who have been so indignant about the allies closing the doors to Germany, but we guess folks who are indignant about the employment of these weapons by the United States, when the United States needs them, will not be so vocal in their protests. They might find it bad for their health.

The blockade boot is suddenly on the other leg.

Washington, July 5.--Final report of the Federal Trade Commission on its investigation into the oil situation in the U. S. probably will be completed within two weeks. Commissioner Harris said today. The investigation is credited among Government officials with a large saving to the U. S. on motor fuel oil. Three months ago the Standard Oil Co. offered oil at 31 1/2 cents a gallon, but the bid was rejected. A contract has just been closed at 23 1/2 cents a gallon.

Get it at Fish's and you know its right.

Keep a lookout for the announcement of that new Buick, 35 h.p. electric lights and starter, a real automobile, dealers will admit; is equal to anything on the market, in its class, and the price is only \$665. A car will be on demonstration in Mt. Vernon soon.

I am prepared to make photos, I have experienced help. Give me a call and I will try to please you. I will take poultry, eggs and meat in exchange for Photos.

MRS. JUDITH THOMPSON,
West Main Street

Lewis Reams of Orlando seems to have had a very impolite customer in his store last week, as he went in at the window in the night and carried off some of his stock.

Robert and Linville Mullins and Oscar and Arthur Reams of Dudley were among the witnesses in the above case here Wednesday.

BAD MURDER:-The worst murder ever committed in the county, occurred last week, on the east side of the county, when John Martin, aged 24, shot and mortally wounded Parker Browning, aged 20, who died Tuesday as the result of the wound. Excitement is running high and the citizens of the East side are very much enraged at the horrible act. The story as given to us from those who have been on the ground and talked with eye witnesses is as follows: Martin was a notorious moonshiner and it is said had been drunk for several weeks. Browning went to Bill Martin's home, to see John Martin to get some moonshine. Hearing the younger Martin a short distance from house, Browning went down where he was and approaching him, Browning, according to his dying declaration, laid his hand on Martin's shoulder and told him he was glad to see him, when Martin struck Browning, knocking him down and as he "Browning," started to get up, Martin shot, the ball entering near the collar bone, coming out just above the hip, passing almost through the body. Young Browning was taken to the Richmond hospital, where he died Tuesday. The officers have been scouring that section since Tuesday, returning last evening, after learning definitely that Martin had fled to Clay county, his former home. While searching for Martin, the officers found his moonshine still which was promptly destroyed. Sheriff Mullins, Jailer Winstead and the citizens of the East Side have offered a reward of \$50, and the Governor has been asked to double the amount. Young Browning is said to have been a pascable, honorable and hard working young man. Sheriff Mullins will mail out this week photos and descriptions of Martin and there will be no let up in the search until Martin is behind the prison bars.

A few cases of typhoid have been reported in different sections of the county. Now is the time to begin the precaution. In this connection we think it wise to call attention to some cleaning up which is being badly needed right here in Mt. Vernon and where the property owners ignore the importance of doing so, the health board and officials will do a great blessing by seeing that these unsanitary places are cleaned up and kept clean.

OUR BOONE WAY MAN In Winchester

By JAMES MARET.

Mrs. Georgie Rice, who has been visiting in Somerset came to Winchester Tuesday and will be accompanied to Mt. Vernon by her favorite niece Edna Davis, the last of the week.

Mr. H. O. Yearly, of Cumberland Gap, was on the train Sunday enroute to Detroit to bring back a Dodge Bros. automobile. It is probable he will have passed thru Mt. Vernon before these words are in print.

Clark County and other Central Kentucky counties are looking to the mountains for their future supply of stone for turnpike purposes and will purchase their supplies therefrom as soon as reasonable rates can be secured from the railroads. The lasting qualities of the mountain stone is much superior to that of the native stone quarried here. Rockcastle has a sufficient amount of stone to furnish every other Kentucky county. Many of them will use it when freight rates are reduced.

Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere.

LOOK GOOD--FEEL GOOD

No one can either feel good or look good while suffering from constipation. Get rid of that tired lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box to-day, take one or two pills to-night. In the morning that stuffy dull feeling is gone and you feel better at once. 25c. at your druggist.

If you are a Booster you are the "salt of the earth."

You set a good example to your fellow-citizens by keeping your home and everything pertaining thereto in good condition.

Your wife never has to apologise for her furniture, and she never has to stay home from church because she hasn't a dress fit to wear.

Your front gate doesn't sag with a broken hinge, and there isn't a paling missing from your fence. Your house gets a new coat of paint every time it needs it.

The weeds are not choking the life out of vegetables in the garden, and your front lawn isn't littered with trash.

Parson A. W. Davis, who had church at Midway says he is glad to endorse TANLAC

"I suffered intensely with a lame back, my blood circulation was poor and I could not rest well at night," said Mr. A. W. Davis, minister, who lives at 461 north Upper street, Lexington. "I felt, better in a few days after taking it. I rested well at night and noticed that the pains left my back. I now have a good appetite, too."

"I believe Tanlac will do what it is recommended to do." The enormous sales of Tanlac mean but one thing and that is merit. It is what the neighbors say that counts most after all. One bottle of Tanlac is sold in a neighborhood through advertising, but ten more are sold after the first bottle produces results.

People are always willing to tell others of any medicine that helps them. It is something they can't keep to themselves because of the impulse to sympathise with fellow sufferers and to want to help them in one of the strongest, as well as, one of the biggest things in human nature.

Tanlac aids digestion, promotes healthy refreshing sleep and strengthens the nerves.

Tanlac is being specially introduced in Mt. Vernon at R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead W. M. Owens' store, Burr, Line Bros., Crab Orchard, S. E. Welch Berea; J. Reynolds and Son, Bee Lick.

The Bethlehem Steel Company's Offer to Serve the United States

At a time when the expenses of the Government are so enormous—

Isn't it worth while finding out the actual facts before plunging ahead into an expenditure of \$11,000,000 of the people's money for a Government armor plant?

To clear up the whole situation, and to put it on a basis as fair and business-like as we know how to express it, we now make this offer to the Government:

The Bethlehem Steel Company will manufacture armor plate for the Government of the United States at actual cost of operation plus such charges for overhead expenses, interest and depreciation as the Federal Trade Commission may fix. We will agree to this for such period as the Government may designate.

The House of Representatives voted down a proposal to empower the Federal Trade Commission to determine a fair price for armor, and allow private manufacturers opportunity to meet that price before the Government built its plant.

Isn't our proposition fair and ought it not to be accepted?

The measure is now before the United States Senate.

SHOULD SLOAN'S LINIMENT GO ALONG?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine condition for the morrow. You should also use it for a sudden attack of toothache. Stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment."

Writes one vacationist: We use it for everything from cramps to toothache. Put a bottle in your bag, be prepared and have no regrets.

W. C. T. U. CONVENTION.
The 2nd annual meeting of the district convention of the Woman's Christian Temperance Union met in Livingston Ky. June 22-23 1916, with the honored President Mrs. Elizabeth Raymer, at the helm. This division is composed of the Unions in Clay, Knox, Whitley and Rockcastle Counties. It was a meeting long to be remembered by those who saw and heard the forceful lectures and demonstration of what the liquor traffic is doing for our home, our town, our state and our Nation, the facts presented were astounding and it was indeed lamentable that more of the country voters were not present to hear these truths for what we need most is more enlightenment on these vital questions.

The reports from the several Unions were very gratifying and they are all doing splendid work for our Master in this great battle against sin in all forms and especially the liquor and tobacco habits.

Mrs. Millie N. Reid of Corbin Ky., one of the first Crusaders and one of the seventy brave women headed by Mother Thomson who started the fight on the rum demon on that cold bleak day, the 24th of December 1873, in Hillsborough Ohio, related her experience in a very touching way telling how they braved the winter storms, jeers criticism and was even imprisoned for the cause they loved so well and as they went day by day for three long months singing and praying in front of the saloons of that city. Not one ever grew weary or discouraged, not one ever said, lets give up the fight, and at the close of that long campaign all were as much on fire for the cause of

Temperance as when they began, and as a result of that meeting we now have our beloved W. C. T. U. with its well organized forces doing wonders for humanity in most every country and nation.

ian Temperance Union of Ky., in 2nd annual convention in division of the eleventh district assembly, do hereby declare

FIRST:— That we are against the liquor traffic and do hereby reaffirm our stand for total abstinence from all alcohol beverages for the individual and for State and National prohibition.

SECOND:— Whereas the question of State wide prohibition is growing more and more acute in Ky. every day and the entire question hinges on the men to be nominated and elected to our Legislature, resolved that we endorse only such men as openly declare themselves for State wide and National prohibition.

THIRD:— That whereas Scientists have proven that tobacco is harmful, especially to growing youths. That we hereby oppose the use of tobacco in all forms and especially the cigarette, and further stand for the strict enforcement of the cigarette law.
